

## Notice of Intent to Award a Sole/Single Source Procurement

Subject: TAC II SCADA System

Date: November 6, 2024

Due Date: November 13, 2024

Sole/Single Source No: SS 2025-123

This is not a Request for Proposals as there is no solicitation available. The proposed action is for product or services for which the Englewood Water District intends to award with only one source in accordance with Florida State Statute 287.057(5)c. Any responses received as a result of this Notice of Intent shall be considered solely for the purpose of determining whether to conduct a competitive procurement. Responses will not be considered as proposals, bids, or quotes.

The Englewood Water District gives notice of its intent to utilize Data Flow Systems for TAC II SCADA System and its components, including sales/repairs/support services through sole source procurement.

Interested firms or individuals may identify their interest and capability to respond to the requirement by submitting in writing their name, address, point of contact, telephone number, email, and a statement regarding their capability of meeting or exceeding the requirements stated herein. All responses received within seven (7) calendar days after the date of publication of this notice will be reviewed by the Englewood Water District. A determination by the District not to compete this proposed action will be based on the responses to this notice and the discretion of the District.

All responses must be in writing and returned to Purchasing Department, Englewood Water District, 201 Selma Ave, Englewood, FL 34223, by fax (941) 460-1025, or email to [bwheaton@englewoodwater.com](mailto:bwheaton@englewoodwater.com). Please note the sole/single source number on the documentation. No verbal requests will be honored.

RE: Data Flow Systems (DFS)  
Sole Source Status  
TAC II SCADA System

Dear Bee Ling,

Please consider this document official confirmation that Data Flow Systems, LLC. (DFS) of Melbourne, Florida, is the sole source provider for the TAC II SCADA System utilized by the Englewood Water district. This includes the Remote Terminal Units (RTUs), Telemetry Control Units (TCUs), Hyper SCADA Server (HSS), and HyperTAC SCADA Software. DFS is also the sole source provider for all associated support, repairs, service, and training.

DFS is responsible for designing, manufacturing, and servicing the entire TAC II SCADA System product line. No other manufacturers, dealers, distributors, or service organizations offer these products and associated services in Florida. The TAC II SCADA System is made in the USA.

Thank you for considering DFS as your trusted partner for SCADA applications. We look forward to the opportunity to work with you and support your operational goals. If you have any questions or need more information, please contact me at 321-259-5009 or [salesadmin@dataflowsys.com](mailto:salesadmin@dataflowsys.com).

Sincerely,

*Maria Herbert*  
Sales Administrator  
Data Flow Systems
