

LEGAL NOTICE

The Englewood Water District has identified the rehabilitation of the District's V-1 vacuum station as a repair or maintenance project for an existing public works facility under F.S. 255.20 (1)(c)5. According to F.S. 255.20 (10) and the District's Enabling Act, Section 15 (4), the District's Board of Supervisors will be able to consider specific substantive criteria whether it is in the best interest of the public and the District to award the project to an appropriately licensed private sector Contractor by a method other than a competitive selection process, and make the determination for award, at the District's Board meeting held publicly on October 12, 2023.

The District has identified PCL Construction, Inc. as the Contractor capable of performing the work identified in the project. The value of the project is estimated to be around \$3 million.
